Christie's Place 25th Anniversary Virtual Gala Celebration

Register today and join us on Friday, April 9, 2021, 6:00 - 7:00 PM

Celebration of Lives Transformed

25 Years of Hope, Inspiration and Vision

Since 1996, Christie's Place has provided education and resources to empower thousands of women and their families living with HIV/AIDS to advocate for their own health.

It's important to remember in the climate of COVID-19, that HIV/AIDS had a very similar trajectory. If we have learned anything from adversity, it's that compassion goes a long way, and there is always more hope when you are supported and have access to resources.

You're invited to join us for a night of storytelling to learn about our history directly from our founders, clients and staff. You will be inspired by the stories of resilience, hope and love. You can expect to hear from generous supporters who make our work possible and most importantly, you will Be a Part of History!

Select stories shared at the Gala will be published in our new book about the history of Christie's Place and with your help and support through buying tickets to this event, Christie's Place will be able to continue providing the life saving resources and tools our clients need to thrive.
